

# Product data sheet Spirotech

Product name

**SpiroTop -1½" -St.Steel -HighT -AISI316**

Article number

**AB050/R007**

Product properties

Product image

Stainless steel air vent for high-temperature systems (max. 180 °C) with a ½" connection

- Used in high temperature system environments
- Special valve construction ensures valve is closed completely
- Long lasting valve seat
- Solid plastic (TPX) or AISI 316, robust floats which cannot rupture
- Applicable with 50/50 Ethylene Glycol / Water (Volume)
- Large air gap between the valve and the water (at least 40 mm) prevents valve contamination and leaks
- ½" connection prevents pipette effect

Product dimensions

# Product data sheet Spirotech

## ETIM product data

Height	112 mm	Max. medium temperature (continuous)	180 °C
Housing material	Stainless steel	Surface protection	Untreated
With leakage protection	No	Lockable	No
With air intake barrier	No	Connection 1	Internal thread cylindrical BSPP-G (ISO 228-1)
Angle connection	No	Max. operating pressure at 20 °C	10 bar
Nominal diameter	1/2 inch (15)	Material quality float	Stainless steel 316 (1.4401)
Material float	Stainless steel
